This page says
Every 5-7 hours is recommended

OK

Score : 1 / 5 **Question : 2 / 5**

How often should I change my tampon?

Once a day

5-7 hours

Every 30 mins

Every Two days

FUTURE DIRECTIONS

- Have a self-diagnosing tool, that can help with a preliminary detection of symptoms.
- Connect with women with doctors related to their issues, based on the self or system diagnosis.
- Have more interactive games to help increase awareness about issues faced by women.
- A discussion forum to help women connect with their peers.
- Include a chatbot to address problems requiring immediate solutions.
